

# CITY CRUISE

**Build team spirit, experience each other's culture, make some memories and learn some history while getting some healthy fresh air and awesome pictures as you roll through Durban.**

We will ride down little-known roads and pedestrian areas, past mansions, markets, grand old buildings and, of course, the beachfront, seeing the sights, vibing the vibes, burning some rubber and celebrating the freedom of a bicycle!

This 3-hour experience is perfect for teams who want to celebrate what they have achieved, take a break from the pace of every day work or simply reconnect with some of the more beautiful parts of the city. We include historical and cultural points of interest and can even throw in some "amazing race" style activities. Best of all, we'll finish with some of Durban's most delicious food on offer.

Contact us to discuss how this adventure will  
work best for your team.
